

Founded in 2013 to support the Army Science Board, SwiWrite Ltd. has evolved into a successful SDVOSB providing technical writing and editorial services for scientific, academic, and governmental organizations.

CORE COMPETENCIES

- Present highly technical concepts in general, non-expert terms
- Distil complex methodologies and processes into comprehensible steps
- Collaborate with clients who bring diverse writing and communication skills to produce crisp, professional narrative in a coherent style, voice, and tone
- Conduct background research into subject matter to ensure the narrative produced maintains technical accuracy
- Leverage personal experience and professional judgment to balance open communication with the necessity to maintain security of classified information
- Foster the author’s creative ability in all types of writing

MARK S. SWIATEK, MA, MFA

Proprietor, Principal Writer

30+ years of writing and editing experience

- Assistant Professor & Deputy Head, USAFA Dept. of Philosophy
- Published author
- Contributing Editor, Hunger Mountain Journal of the Arts

DIFFERENTIATORS

- Service-Disabled Veteran-Owned Small Business
- Lean, sole proprietorship with no overhead/administrative cost pass-throughs
- Limited clientele to ensure customer focus and quality
- Scalable support for large projects and/or time-critical work
- Firm-fixed-price (vice hour/word/page charge) to ensure client satisfaction
